## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 8-9 are rejected under 35 U.S.C. 102(b) as being anticipated by LANFORD (US 3,115,630).

As per claim 8, Lanford teaches the claimed “an apparatus” comprising:  
an antenna including a disc-shaped element, the physical shape of which is at least partially defined by a deterministic fractal geometry (Lanford, figures 1, and 2).

Claim 9 adds into claim 8, wherein the physical shape of the disc-shaped element is at least partially defined by a hole (Lanford, figure 2, column 2, lines 13-27).

### ***Allowable Subject Matter***

3. Claims 1-7 are allowed.

The following is an examiner’s statement of reasons for allowance:

Regarding claims 1, and 5, the Prior art fails to specifically disclose that the two faces of the pleat do not substantially overlap one another in a direction transverse to a bisector of the included angle.

Claims 2-4 are allowed for depending on claim 1.

Claims 6-7 are allowed for depending on claim 5.

Art Unit: 2821

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Response to Arguments***

4. Applicant's arguments with respect to claims 1-9 have been considered but are moot in view of the new ground(s) of rejection.

### ***Conclusion***

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
